Barks & Soils

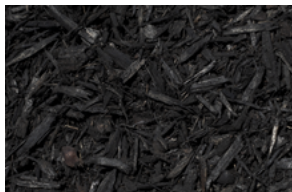

Arbor Chip

- Cost-effective mulch from chipped tree trimmings
- Great for large gardens, orchards & commercial use.
- Helps control weeds & retain moisture at 100mm depth.

Black Bark

- Deep black colour for modern landscapes
- Suppresses weeds and retains soil moisture
- Eco-friendly, locally sourced bark

Double Black Bark

- Rich, double-dyed black mulch for bold landscapes
- Longer-lasting colour for striking contrast
- Helps control weeds & keep soil moist.

Forest Floor Bark

- Aged golden-brown mulch with natural 20–40mm texture
- Locks together well - ideal for windy areas & bird resistance
- Helps control weeds & keeps soil temperature stable

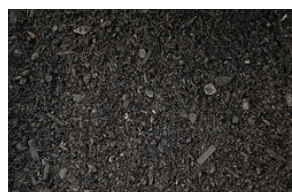

Premium Medium Bark

- Decorative 20mm bark for a polished, natural look
- Helps control weeds & retain moisture when applied at 100mm depth
- Keeps soil temperature stable, protecting plant roots year-round

Super Scree

- Golden-brown aged bark, graded for a neat natural mulch
- Locks together well—ideal for windy areas & deterring birds
- Controls weeds & retains soil moisture at 100mm depth

Bio Blend Compost

- Rich organic compost made from bark, green waste and mushroom compost
- Boosts soil structure, nutrients & water retention
- Sterilised, weed-free & ideal for garden beds and raised beds

Garden Mix Soil

- Nutrient-rich mix of compost and recycled bark
- Enhances soil structure & moisture retention
- Ideal for flower beds, herbs, vegetables, and general garden use

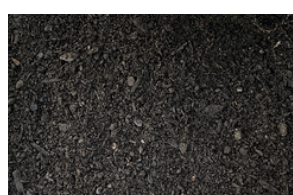

Lawn Construction Mix

- Budget-friendly mix of organic compost, fine sand, and soil
- Retains moisture & supports strong seed germination
- Ideal for large-scale lawn establishment & ground preparation

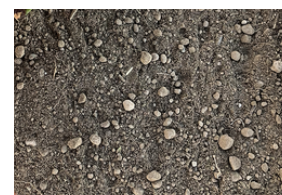

Lawn Topdressing Mix

- Special blend of sand, soil & peat for topdressing lawns
- Great for over-seeding and lush green growth
- Free-draining and rich in organic matter for easy use

Organic Compost

- BioGro certified Organic Compost with balanced pH 7–7.5
- Ideal for mulching with forest floor bark
- Enriches soil and supports healthy plant growth

Screened Topsoil

- High-quality screened soil with a fine, smooth texture
- Great for garden beds, lawns, pots & landscaping projects
- Nutrient-rich to support healthy plant growth

These products are available in convenient 20L bags, by the scoop ($\frac{1}{3} \text{ m}^3$), or by the cubic metre (m^3)

Decorative Stones & Chips

Natural beauty for every landscape.

Enhance your outdoor space with our range of decorative stones, chips, and boulders - perfect for gardens, paths, driveways, and feature areas. These natural materials add texture, colour, and depth to any design. From fine chips to feature boulders, our selection suits a variety of styles. Durable & low-maintenance, they offer a polished look that lasts.

Amuri Limestone Chip
12-20mm

- Neutral off-white limestone chip
- Ideal for paths, driveways, and garden features
- Soft tone for a clean, elegant look

Blackstone Chip
15mm

- Ideal for paths, driveways, and garden features
- Sleek, modern black finish
- Bold, contemporary look

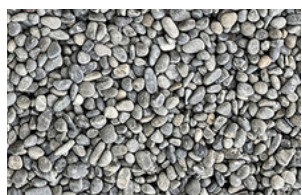

Blackstone Chip
50mm

- Bold, chunky black stone
- Great for gardens, pots, and water features
- Adds texture and strong visual impact

Greystone Chip
13mm

- Ideal for driveways, paths, & garden beds
- Durable with a clean, natural look
- Provides great drainage and surface stability

Greystone Round Stones
13mm

- Natural, smooth grey riverstones
- Ideal for elegant outdoor spaces
- Timeless, versatile look for any project

Greystone Round Stones
19mm

- Smooth, natural grey riverstones
- Perfect for stylish outdoor spaces
- Timeless and versatile for any landscape project

Greystone Tailings
20-40mm

- Versatile grey stones for ground cover
- Ideal for general landscaping use
- Practical and low-maintenance solution

Ivory Chip
10mm

- Clean, bright white limestone chip
- Ideal for driveways, paths, borders, and patios
- Durable, low-maintenance, and light-reflective

These products are available in convenient 20L bags, by the scoop ($\frac{1}{3} \text{ m}^3$), or by the cubic metre (m^3).

Decorative Stones, Chips & Boulders

Ivory Chip

20mm

Coloured concrete options.

Our coloured concrete range is available in a beautiful selection of shades to suit any style, from traditional to contemporary.

Whether you're creating a standout feature or aiming for a seamless blend with your surroundings, we have a colour to match your vision.

Choose from warm earthy tones like Cappuccino, Terracotta, & Driftwood to add depth and character, or opt for cool modern neutrals like Urban Grey, Mist, or Charcoal for a sleek, sophisticated finish.

Concrete Landscaping Products & Stonelock

Concrete Log Round Paver

This decorative concrete stepping stone resembles a tree trunk cross-section, featuring a circular, irregular shape with realistic growth rings & bark texture. Its dark gray color & rustic look make it ideal for gardens, pathways, or landscaping projects. Available in Coloured and Natural Concrete.

Sizes: 460mm

Concrete Round Paver

Create charming pathways & garden features with Urban Paving's Concrete Round Pavers. Ideal as stepping stones to your clothesline or through the garden, and available in Natural, Coloured & Exposed Aggregate Classic finishes.

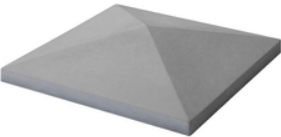

Sizes: 340mm & 430mm

Concrete Tree Ring

Create a tidy, decorative border around feature trees and shrubs with Urban Paving's Concrete Tree Rings — a practical and stylish way to finish your landscape design. Available in Coloured and Natural Concrete.

Sizes: 350mm & 600mm

Pyramid Cap

Add a polished, stylish finish to your pillars and elevate your property's look. These caps create a timeless, refined touch that suits any outdoor design.

Sizes: 560mm & 670mm

Lawn Borders

Enhance your landscaping with Urban Paving's Lawn Border Pavers—ideal for creating clean, defined lawn edges and perfect for use as mowing strips. These durable pavers add a tidy, finished look to any outdoor space and help reduce maintenance around lawn edges.

Available in Natural & Coloured finish.

Size: 500 x 100mm

Stonelock

The Stonelock System is a plastic honeycomb mat that keeps pebbles in place, creating a stable, natural-looking surface with good drainage - a flexible, affordable alternative to concrete or asphalt. Each sheet covers 0.92m²; 1m³ of pebbles covers approx. 30m².

Supplying quality paving and landscape products for over 30 years - trusted NZ wide.
