PAVINGRANGE

URBAN CONCRETE PAVING

At Urban Paving, we've been crafting premium concrete pavers for over 30 years. With a range of sizes, textures, and colors, our pavers are designed to suit every style—from sleek, modern builds to traditional homes.

Choose from our five unique textures: Smooth, Sandy, Exposed Aggregate, Honed, or Yorkstone, all available in a variety of sizes to match your project needs.

Pair your paving with optional bullnose edges for pools or steps, and consider sealing for enhanced protection and vibrancy.

We have the quality and the range!

STANDARD CONCRETE COLOURS

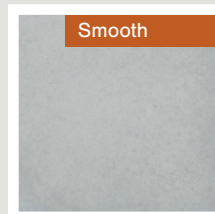

EXPOSED AGGREGATES

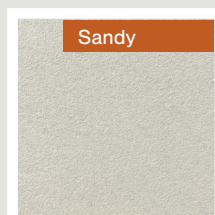

TEXTURES

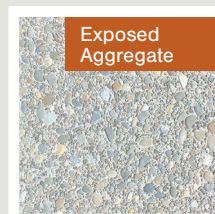

We offer 5 different textures in on our concrete paving range: Sandy, Smooth, Exposed Aggregate, Honed and Yorkstone, all of which meet slip resistance standards. Our range of sizes, colours and finishes means we have paving to suit every space and style.

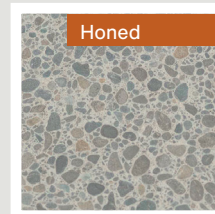

Smooth textured pavers provide a classic and timeless look to your paved area. Smooth texture pavers are available in our standard Urban colours and we can also manufacture non-standard and custom colours.

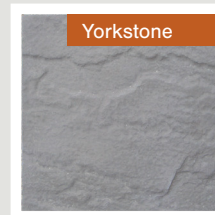

Sandy textured pavers have a grainy finish which is highly slip-resistant. A safer choice for pool surrounds or areas where weather conditions may compromise the surface grip of the pavers. Sandy texture pavers are available in our standard Urban colours and we can also manufacture non-standard and custom colours.

Exposed Aggregate pavers showcase the aggregate and add a natural element to your paved area. Exposed aggregate pavers are available in our 5 standard styles and we can also manufacture custom pavers using your own supplied aggregate.

Honed pavers features the subtle tones of natural aggregates from outback river stones and beach aggregates which are all exposed in a polished concrete finish. Urban offer 6 styles of honed concrete pavers and can also manufacture custom pavers using your own supplied aggregate.

Yorkstone pavers give a classic English slate look and are often laid in a random pattern. Yorkstone pavers are available in our standard Urban colours and we can also manufacture non-standard and custom colours.

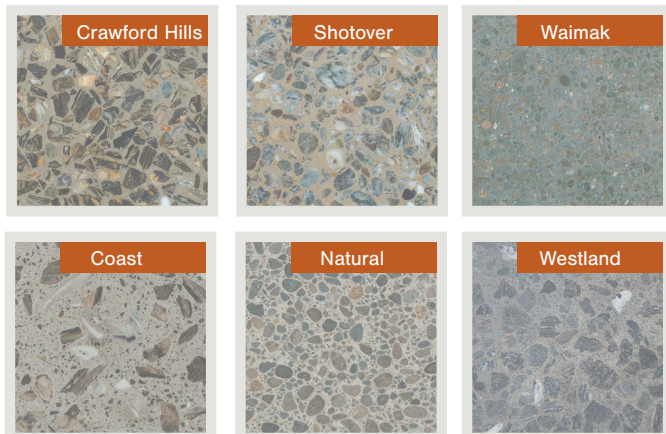

Bullnose pavers are a smooth, rounded edge as an alternative to the standard straight edge. Most commonly used on pool edges and steps.

See our website for installation guidelines

URBAN HONED CONCRETE PAVING

Urban Paving use natural products and modern technology to create a stylish range of Honed concrete paving. From river and beach stones to sands and schists, our Honed pavers are made using the South Island's natural aggregates to create an engineered-smooth finished paver that offers superior performance and longevity.

HONED CONCRETE PAVER COLOURS

Enhancement and Care of Honed Pavers

Honed pavers are a high value, quality product. We recommend sealing Honed pavers after their installation to ensure a superior finish.

URBAN NATURAL STONE PAVING

BLUESTONE

Our Bluestone pavers offer a modern yet timeless appeal, combining a smooth, contemporary finish with the natural beauty of the stone. Sourced from the finest quarries in China, Bluestone features unique honeycomb veins—a naturally occurring, pitted pattern found in some areas of the stone. This honeycombing gives the surface a distinct, pumice-like texture that adds character and visual interest to each paver.

URBAN PORCELAIN PAVING

Outdoor Porcelain Paving combines style, durability, and practicality, making it an exceptional choice for New Zealand's unique outdoor environments. These engineered flagstones are designed to handle life's challenges with ease, from heavy foot traffic to harsh weather. Crafted from dense, compressed material and kiln-fired at over 1,000 degrees, Outdoor Porcelain Paving is incredibly strong, highly stain-resistant, and colour-fast, ensuring it stays looking stunning for years. Its glazed, textured surface provides exceptional slip resistance, making it a safe choice for pool areas and entertaining spaces. With minimal maintenance required, these pavers are perfect for those who want a durable and beautiful solution that's as practical as it is stylish.

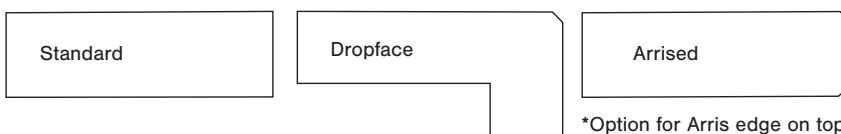

We call it "Life Resistant"
